

For the Effects of La Grippe.

Chicago, March, 1898.
One of our sisters suffered from weakness of the nerves in the head since she had la grippe four years ago. She didn't sleep more than half of one hour, and sometimes not at all at night; she had also difficulty to breathe so that she didn't expect to live; she tried different medicines for about a year without any relief, but after she took Pastor Koenig's Nerve Tonic her health was restored and she enjoys good sleep again.

The attendance at both schools in Jasper is on the increase.

The Pryor Mill is the busiest in the Valley and there is no chance of a let up. Mr. Mansfield says the mill is doing finely.

We are glad to note the systematic work being done on the streets in Jasper. Whoever is in charge knows how to round up a road.

A Churn that churns in One Minute

I have been in the dairy business all my life and have many times churned for an hour before butter would appear, so when I heard of a churn that would churn in a minute, I concluded to try it. Every day for a week I used it, and not only could I churn in a minute but I got more and better butter than with the common churn. This is very important information to butter makers. The churn works easily and will churn an ordinary churning in less than 60 seconds. I have sold two dozen of these churns in the past month. Every butter maker that has seen me churn in less than a minute has bought one. You can obtain all desired information regarding the churn by addressing J. F. Casey & Co., St. Louis, Mo., and they will give you prompt and courteous attention.

Every housekeeper wants a Dishwasher, and any intelligent person can sell them with big profit to himself. The Dishwasher is lovely you can wash and dry the family dishes in two minutes and without wetting your hands. You can get full particulars by addressing the Mound City Dishwasher Co., St. Louis, Mo.
